Dear Mr. Price:

### NOTIFICATION OF APPROVAL OF CHANGES TO THE CITY OF SOLEDAD STORM WATER MANAGEMENT PROGRAM

In its October 20, 2009 letter, Central Coast Regional Water Quality Control Board (Central Coast Water Board) staff required municipalities wishing to participate in the Water Board's Regional Joint Effort for developing hydromodification control criteria to amend their Storm Water Management Programs (SWMPs). The required amendments included incorporation of the new Best Management Practices (BMPs) found in Attachment 1 of the October 20, 2009 letter, and removal and/or revision of existing SWMP language that duplicates or conflicts with the language in the new BMPs. The Central Coast Water Board has received your revised SWMP incorporating amendments aligning it with the Joint Effort. Water Board staff finds the March 8, 2010 version of the SWMP adequately incorporates the Joint Effort BMPs and includes all other necessary revisions.

Pursuant to General Permit Section D, I am hereby approving the March 8, 2010 version of the SWMP. You are required to implement the revised SWMP according to the schedules included in the SWMP. If you have questions, please contact **Jon Rohrbough at (805) 549-3458**, or [jrohrbough@waterboards.ca.gov](mailto:jrohrbough@waterboards.ca.gov), or Phil Hammer at (805) 549-3882 or [phammer@waterboards.ca.gov](mailto:phammer@waterboards.ca.gov).

Sincerely,

Roger W. Briggs  
Executive Officer
