

CERTIFICATION

At my direction, the Storm Water Management Plan for the City of Soledad was revised in form of an addendum on February 25, 2010 and pursuant to General Permit Section F.1.d: Report Information Collected; Action Item #13 of N.O.V. dated September 25, 2009; Fulfillment of Proposed Timeline item #2 – “*Remaining 2007-2008 Annual Report Addenda will be submitted by March 1, 2010*”.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquire of the person or person who manage the system or those persons directly responsible for gathering the information, to the best of my knowledge and belief, the information submitted is true, accurate, and complete.

I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

ANNUAL STORM WATER REPORT ADDENDUM

ITEM #3

D. BMP 1.2 – Website

Violation of General Permit Section F.1.d – Failure to report information collected

The SWMP states that the City will count the number of emails it receives through the City website. However, the 2007-08 Annual Report does not contain any information on the number of emails the City received. Failure to report the results of information collected is a violation of General Permit Section F.1.d.

13

Action: Provide this information as an **addendum to the 2007-08 annual report**, and ensure that it is included **in the 2008-09 annual report and in future annual reports.**

Addendum:

According to responsible party (The City Engineer) for maintaining the Storm Water Email response System during the 2007-2008 permit year; the contact email provided on the City website received zero (0) emails.

The City of Soledad is currently in the process of redesigning the City's website. The new website will offer our citizens a more user friendly format, as well as a forum to receive larger amounts of Storm Water education and material. The newly designed website has a projected launch date in the month of March 2010.
