- B. The annual physical agility test will be developed, approved, and administered by the Police Chief. The test will be undertaken as on-duty time. Each Unit Member who successfully passes the annual physical agility test shall receive a one-time stipend of \$150 (one hundred and fifty dollars). An employee who fails such test shall not be eligible for the stipend until the following year when the test is administered again.

15. Health Club Membership

- B. The CITY agrees in principle it will make a good-faith effort to have two (2) sworn personnel on duty during all shifts insofar as it is able to do so, recognizing that decisions in this regard will be affected by budget constraints, lack of available personnel due to a less than full staff complement, allowed absences for training, vacations, sick leave and other causes, and other circumstances that from time to time may prevent the assignment of a second Police Officer. Personnel so assigned may be regular police officers, reserve officers, or supervisory personnel (other than the Police Chief), as the CITY shall determine.

- B. The twelve (12) hour work schedule shall be a 207k Plan pursuant to the provisions of the Fair Labor Standards Act. Police Officers and Police Sergeants assigned to the program will be scheduled to work eighty-four (84) hours during a fourteen (14) day work period.
- C. If for any reason including but not limited to budget or personnel constraints an alternative work schedule becomes ineffective or inefficient in accomplishing the CITY's and Police Department's goals, the CITY has the exclusive management right to return to any other previously approved work schedule upon the provision of 30 days notice. Prior to implementation of the new schedule, and upon request, the Association will be given an opportunity to meet with the CITY regarding the impact of changes. - B. In the case of emergencies or civil disasters it shall be the responsibility of each Unit Member to immediately contact the department to determine what deployment may be required, and to proceed as directed. Compensation for employees returning to work during emergencies or civil disasters is described above.
- C. For purposes of this provision, civil disaster and emergency is defined as the existence of conditions of extreme peril to the safety of persons and property within the territorial limits of a county, city and county, or city, caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, volcanic prediction, or an earthquake.
